

The Gallaghers know what happy times look like - they lived in a great neighborhood, a comfortable home, they had a happy marriage, and four beautiful children. But when their family was ravaged by depression and attempted suicide, they didn't know where to turn, or how to cope.

On this abridged audio CD, Patricia Gallagher gives her reflections, memories and most of all, hard-earned lessons...the truth, that few people honestly discuss. This is one mother's story.

The Gallagher family welcomes speaking engagements.
